Anytime Babe!! Pt. IX

Modeller must paint Fin tip inside and out Red (same as the first lightning bolt). Then trim with Back stripe.

F-14D BuNo. 163904, '100' of VF-11, USS Carl Vinson, October, 1995. Dark Ghost Gray upper surfaces, Light Ghost Gray undersurfaces. We have provided the non-standard stencils, all others appear to be standard lo-vis style. Boars on right and left side are different. Black turbine warning stripes on this A/C. Trim to fit.

Outside Right Tail

F-14A BuNo. 162592, 'Screaming Eagle 113' of VF-51, USS Kitty Hawk. Upper surfaces Dark Ghost Gray, lower surfaces Light Ghost Gray. The finish of this aircraft was extremely weathered and mottled with paint touch-ups. Standard stenciling overall except as provided on decal sheet. Note radome was painted a slightly lighter Gray, possibly even a fresh, unweathered coat of Light Ghost Gray. Photos of this aircraft show a 'zap' applied as a tiny character clutched in the talons of the right side tail eagle, this has been provided as an optional decal.
