Luftwaffe Medium Bombers

Pt.IV

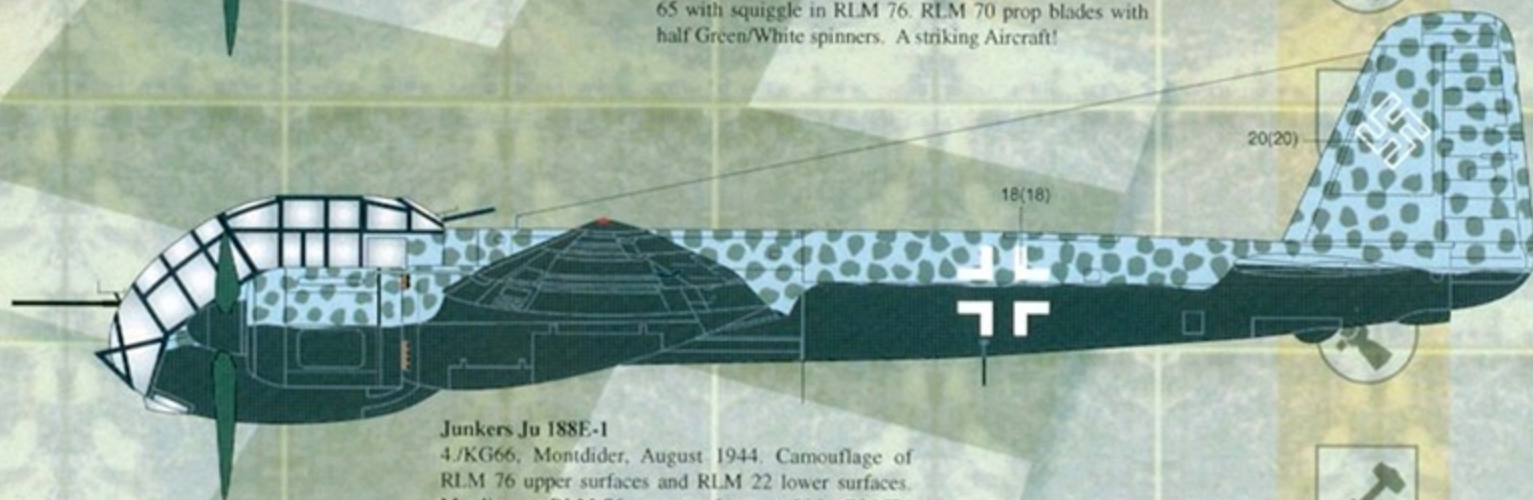

Dornier Do217E US+KL.
3/ KG2, France, 1942. RLM 72/73/65, with RLM 70 propellers and spinners.

Dornier D0-217E F8+DM.
4/ KG40, France, 1940. As A/C 1 but with RLM 22 Black undersurfaces. The purpose to provide you a black cross on a black background is to add some contrast between the newly modified cross and the possibly field applied black lower surfaces.

Junkers Ju 188D-2
1/GaGR124, Kirkenes, Norway, RLM 70/71 over RLM 65 with squiggle in RLM 76. RLM 70 prop blades with half Green/White spinners. A striking Aircraft!

Junkers Ju 188E-1
4/KG66, Montdidier, August 1944. Camouflage of RLM 76 upper surfaces and RLM 22 lower surfaces. Mottling on RLM 76 upper surfaces could be RLM74 or RLM 83. RLM 70 spinners and propellers. RLM 66 or 70 canopy frames. No underwing insignia.
