Thanks to Gary Bihary and Daniel Perezvert! for all the great references on these two jets. Thanks for diggin' fellas!

TwoBobs' goal is to provide you with the most thoroughly researched decals that money can buy. We go beyond using traditional reference resources and many times speak with the actual aircrews and maintainers of our subject matter. Being modelers ourselves, we understand that there is no substitute for this painstaking research and we are proud to offer, what we feel, are the best decals on the market. If you have any subject matter that you feel should be the next TwoBobs creation, let us know. We'll be happy to listen to any and all customer input.
