USS CONSTELLATION 2001

48-562

(F-14D, F/A 18C) Pt. II

F/A-18C BuNo.164721, VMFA-323, USS Constellation, 2001.
This A/C wears the tactical camouflage pattern of FS 36320 on upper surface and FS 36375 on lower surfaces. Notice the outer fin area and the area between wing and stabilator are in FS 36375.

F-14D BuNo. 164351, VF2, USS Constellation, 2001.
Upper nose, canopy frame and fuselage spine are FS 35237. Knowing this fact, it is highly probable that the upper surfaces of this A/C may be also FS 35237. Unfortunately we do not have a good upper view of this A/C.
