Douglas A-26B, serial 43-22359, 552 B.S., 386 B.G., 9th US Army Air Force, Beaumont, France, 1945. Overall natural metal with Olive Drab 41 anti-glare panels on the nose and inboard of each cowling and nacelle. For proper placement of the complicated "sharkmouth" design, refer to historian Jeff Ethell's book *Shark's Teeth*, published by Osprey. A B/W photo appears on page 38. Another B/W shot appears on page 13 of Jim Mesko's first *A-26 In Action* monograph, no.37.

Douglas A-26B, serial 44-34436, 10 Recon.S., 69 T.R..G., France, early 1945. Overall natural metal with matt black anti-glare panels on the nose and Olive Drab 41 inboard cowling and nacelle sections. Note the yellow wing tips.

"Kiwi Boid," Douglas A-26B, serial 43-22418, 554 B.S., 391 B.G., 1945. Overall natural metal with Olive Drab 41 anti-glare panels on the nose and inboard of each cowling and nacelle.
