some tail decal  
trimming  
maybe necessary

In February 5, 2005 the 346th Mira IASON (Jason) celebrated its 15th birthday and the 40000 flight hours using this F-16C Block 30 type. For this ceremony, aircraft No.136 was chosen to receive a special decoration. The design was created by Chief Master Sergeant George Athanasiadis. It depicts the Argo (boat's name) & the Argonauts making the long trip to the Black sea (Efxinos pontos) to find the Golden Fleece.

The 346 squadron (Mira) IASON operates from 110 Combat Wing (Pteriga Machis) at Larissa AB in central Greece

Epharisto poli, Giorgos Athanasiadis & Giorgos Papadimitriou, without you, this decal would have been impossible to make!

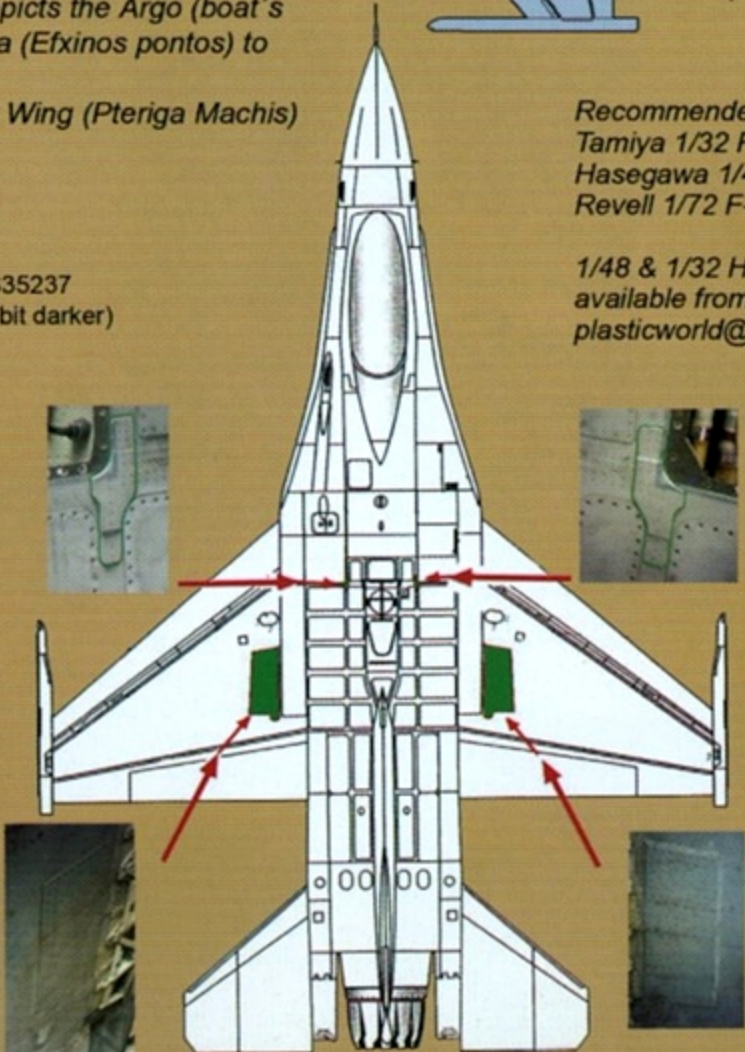

Recommended kits:  
Tamiya 1/32 F-16C  
Hasegawa 1/48 F-16C  
Revell 1/72 F-16C

1/48 & 1/32 HAF extended tail available from PWMP.  
plasticworld@skynet.be

All tail and stabilizers leading edges have a soft spray of a darker FS35237

FS35237  
(a bit darker)
