

Jagdstaffel 11

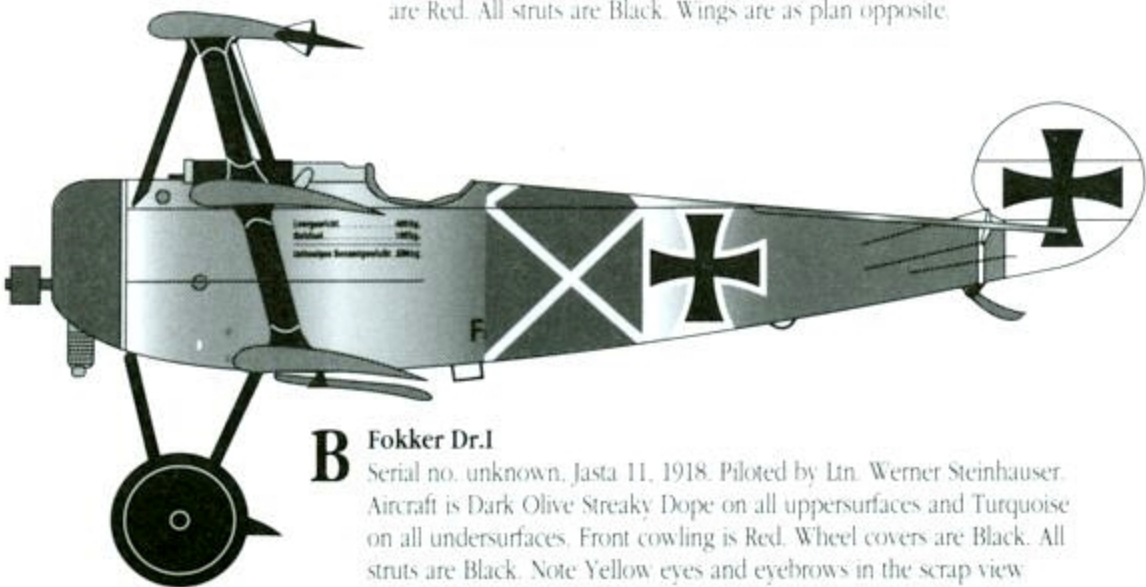

FOKKER DR.I'S FROM JASTA 11

A 1/48 scale decal sheet for three Jasta 11
Fokker Dr.I's during 1918

A Fokker Dr.I

Serial no. 502/17 (w/n 2170), Jasta 11, 1918. Pilot unknown. Aircraft is Dark Olive Streaky Dope on all uppersurfaces and Turquoise on all undersurfaces. Note the partially repainted old style fuselage Iron Cross. Tail surfaces are White and Red as shown in scrap view opposite. Front cowling and wheel covers are Red. All struts are Black. Wings are as plan opposite.

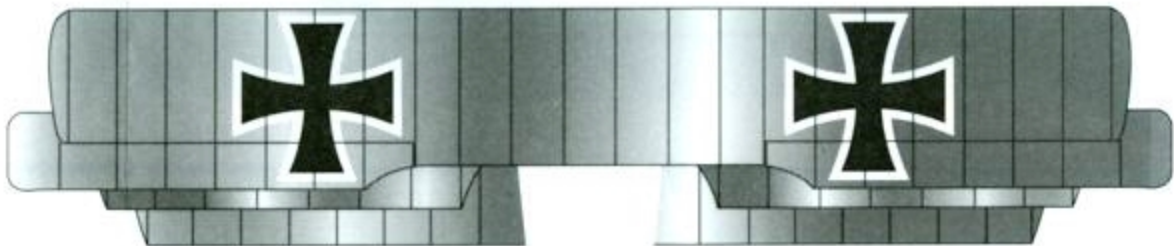

B Fokker Dr.I

Serial no. unknown, Jasta 11, 1918. Piloted by Lt. Werner Steinhauser. Aircraft is Dark Olive Streaky Dope on all uppersurfaces and Turquoise on all undersurfaces. Front cowling is Red. Wheel covers are Black. All struts are Black. Note Yellow eyes and eyebrows in the scrap view opposite which appear on front of cowling. Wings are as plan opposite.

C Fokker Dr.I

Serial no. and pilot unknown. Jasta 11, 1918. Aircraft is Dark Olive Streaky Dope on all forward uppersurfaces and Turquoise on all undersurfaces. The entire rear fuselage, tailplane and fin rudder is also finished in Turquoise. Front cowling is Red. Wheel covers are Black. All struts are Black. Wings are finished similarly to Schemes A and B, as shown below.
