Suggested Kits:

AMT/ERTL: F7F Tigercat Family

Hi-Tech:

48043 F7F-3N Nose Conversion

48020 F7F-2N/3N Superdetail

AMD:

631 F7F-3 Upgrade

Careful study of wing insignia placement on F7F reveal that position varied greatly. Most early A/C had the insignia closer to the leading edge, top and bottom wing. Later A/C seem to have the upper wing insignia moved back to about half of the airfoil cord. We recommend you look carefully at the mentioned photos.
