F-15C Eagle
S/N 78-0509
65th Aggressor Squadron
Nellis AFB, NV
Nov. 2011

DIGITAL FLANKER

Intake and Exhaust Plugs available in 1/48th scale available from Steel Beach Accessories.

Wheel Chock markings in 1/48th and 1/32nd are sized to the excellent Wheeliant Wheel Chock sets from Eduard.

Modeling Notes:
The following modifications should be made to your model to accurately depict A/C 78-0509.

- ① Upper/Lower Forward ALQ-135 Antenna
- ② Large UHF Blade Antenna
- ③ GPS Antenna
- ④ Aft Starboard ALQ-135 Antenna

Special thanks to Waco, Slick, Bulldog and Opus for their reference help and photographs provided during the creation of this decal sheet.

Note:
Leading edges of wings and horizontal stabs are painted gray fuselage color.

Note:
Radome color has no FS match.
Utilize reference photos to custom mix color.

F-15C Digital Flanker

Patterned after the Sukhoi SU-30 demonstration aircraft, this scheme was intended to be painted onto (5) F-15C aircraft of the 65th Aggressor Squadron. A/C 78-543, 78-494, 78-511, 78-520, 78-526 as well as 78-509 were all earmarked to receive this scheme.

Upon announcement of the future disestablishment of the 65th Aggressor Squadron, it was decided that only one A/C (87-509) would receive this paint scheme.

Capt. Caleb "Slick" Haley was fortunate enough to have his name adorned on this beautiful jet.

Note:
Typical ALE-40 Dispenser loadout during training missions is 60 flare and 30 chaff.

Our goal is to provide you with the most thoroughly researched and accurate decals money can buy. Being modelers ourselves, we understand there is no substitute for our painstaking research and the unique reference resources at our disposal.
If you have any subject matter that you feel should be the next Twobobs creation, let us know. Many of our subjects are determined by the feedback we receive from our great customers!
