Aircraft 1 - P-51D-20 'Ole Goat'. Major George Doersch, East Wretham, April 1945. Natural Metal finish, Yellow rudder. Doersch flew 158 missions totalling over 560 hours of flight. A colorful pilot, he claimed 10.5 kills with the 370 F.S., and shared in the destructions of over 12 locomotives. The aircraft was lost near Frankfurt on April 9, 1945.

Aircraft 2 - P-51D-15 'Babe'. Lt. Vernon Judkins, East Wretham, 1945. Natural metal finish. Red canopy frame, antenna mast and rudder. Note on actual aircraft there was a thin chipped area between the Green nose and Red stripes lending a ragged appearance. Pilot failed to score during his tour.

Aircraft 3 - P-51D-15 'Josephine II'. Capt. Jimmy Shoffit, East Wretham, 1945. Natural Metal finish, Medium Blue rudder, Red antenna mast. This aircraft later became Skeeter's Scooter and was flown by Lt. John Mc Alevey.

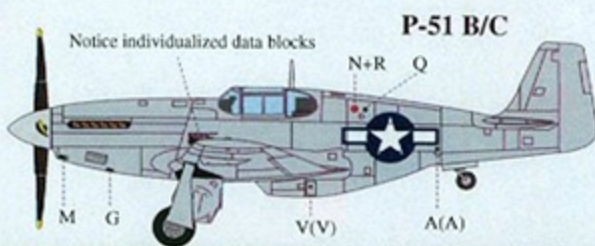

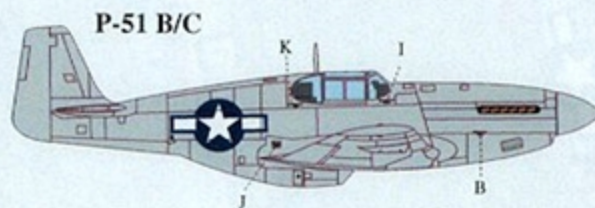

Notice that some serial numbers are placed on an unpainted section of the rudder, showing its aluminum doped finish.

Do you want to get more out of your modeling? We invite you to read more interesting stories and facts about these and other A/C of this unit in our suggested references.

Why just building one A/C Model instead of a collection of these as well as other units featured is the AMD/ESP Range? Why not adding a little of history to your hobby? Units like the Blue Nose Bastards, the 353rd Checker Noses, Checkertails, the 357 FG (Red/Yellow checker noses), the 405 FG and others featured in our extensive decal line. Little touches like these will make the difference between a collection of models and a classic collection.

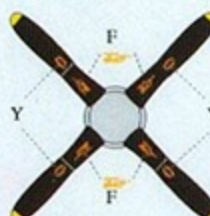

Visit our Web site and enjoy the thousands of choices we offer you for your enjoyment. Remember, experience the difference with AMD/ESP.
