### A/C 1

P-47D-27-RE, 79th FG, 12th AF, Italy. This P-47 was finished in overall Aluminum with an Olive Drab anti-glare panel, Red cowl trim and spinner, a Blue canopy frame (lower edge only) and Blue tail. Although no photos were found to confirm their application, it is possible that the nose art was carried on the starboard side of the aircraft.

### A/C 2

P-47D-26-RA, 42-28357 "Natalie Ann II", 350th FS, 353rd FG. Flown by 1st Lt. James O. Ruscito. This aircraft was overall Aluminum with an Olive Drab anti-glare panel and a Yellow & Black diamond cowl. As with the aircraft above, no direct verification could be located to verify the existence of the nose art on the starboard side, but an extra decal is provided should its application be desired. Notice star and bars under both wings. Paint cowling Yellow before decaling. We believe "Natalie Ann" to be on the left side only.

### A/C 3

P-47D-28-RA, 42-20072 "BATTLE BABY". This Jug was finished in the standard scheme of Aluminum with an Olive Drab anti-glare panel. The cowl was Yellow with Black trim and the spinner was painted Yellow. A Black stripe was carried on the fuselage. Application of the nose art and kill markings to the starboard side could not be confirmed, but spare decals are provided for this purpose.
