Note: Additional upper wing insignia's can be found on AMD sheet 48-027.

Hurricane Mk I Serial No. L1766 North Westland UK, 1939 belonging to 151 Squadron. Camouflage in Brown and Green, "D" pattern, with Black and White undersides, divided right down the middle. Type D rounded with thicker than usual squadron codes. Notice early type exhaust and tail wheel.

Hurricane II D Serial No. BN295. "A" pattern scheme of Dark Earth and Midstone over Azure Blue. Notice lack of sand filler under chin. Another very typical and interesting desert scheme.

Hurricane Mk II B Top desert type "A" pattern. Camouflage of Mid-stone, Dark Earth and Azure Blue undersurfaces. Blue lightning of 274 Squadron on both sides. Very typical desert scheme.

Hurricane Mk III C Serial No. HL864 code LK 7. A/C used in night intruder operations during September 1942. "A" pattern scheme that seems very weathered and patched up. Black spinner.
