

1/200 SCALE

TURKISH CURRENT DC-9-30

SHEET: FP20-170

RECOMMENDED KIT: Airfix in 1/144. Hasegawa in 1/200. To make a DC-9-30 out of the Hasegawa DC-9-40 kit; remove approximately 5mm forward of the wing, and 5mm rear of the wing. As an addendum to our LAM Mozambique 737-200 decal (FP44-190 & FP20-135), optional markings are included with this sheet to build a LAM 737-300 (EI-CBP is named Lurio).

PAINTING: Refer to the photographs for complete marking information. Paint the entire fuselage white. When using the white fin logos, paint the fin bright red (two white logos are provided for each side for increased opacity). The wings and tailplanes appear in the standard light gray and natural metal patterns (please note that wing and tailplane center section decals for the DC-9-30 are available from Flightpath as FP44-153 and FP20-110). The engines are white, with a natural metal lip and burnt metal exhausts.

DECAL APPLICATION: Pay close attention to window location and spacing when applying the fuselage titles. The double-letter fleet number is positioned on the forward portion of the nose gear doors. The large wing registration should be positioned on the lower left wing. With regard to the flag, the half-moon faces towards the rear and is positioned forward of the titles on both sides of the fuselage. The aircraft names are centered on the nose, just below the windshield. This decal sheet possesses a constant clear. Therefore, cut each piece out individually before soaking in water.

REGISTRATION NUMBERS: The following registration numbers are all DC-9-30s: TC-JAB / BOGAZICI, TC-JAD / ANADOLU, TC-JAE / TRAKYA, TC-JAF / EGE, TC-JAG / AKDENIZ, TC-JAK / KARADENIZ, TC-JAL / HALIC, TC-JBK / AYDIN, and TC-JBL / GEDIZ. We would also like to remind our customers of a magazine now available called *Airline Modeller*. It is a high quality quarterly publication dedicated to airliner model builders like yourself. Some issues even contain a free decal sheet (British World BAe-146s and Modern Air CV990s as of late). Write to Russell Brown at 62 Tilman Circle, Markham, Ontario, Canada L3P 5V7; or by telephone at (905)-294-7615. Thank you for buying this Flightpath decal. If you have any questions or comments, please feel free to drop us a line at Aerocolours Graphics, P.O. Box 9518, San Bernardino, CA 92427-0518; or by fax at (909)-882-4739.
