Do you want to get more out of your modeling? We invite you to read more interesting stories and facts about these and other A/C of this unit in our suggested references.

Why just building one A/C Model instead of a collection of these as well as other units featured in the AMD/ESP Range? Why not adding a little of history to your hobby? Units like the Blue Nose Bastards, the 353rd Checker Noses, Checkertails, the 357 FG (Red/Yellow checker noses), the 405 FG and others featured in our extensive decal line. Little touches like these will make the difference between a collection of models and a classic collection.

Visit our Web site and enjoy the thousands of choices we offer you for your enjoyment. Remember, experience the difference with AMD/ESP.
