RAF ROUNDELS

**SPITFIRE, HURRICANE,
 TEMPEST, TYPHOON,
 (L A T E)**

48136

This sheet provides roundels and fin flashes for Spitfires, Hurricanes, Typhoons and Tempests from the mid-1942 period through the end of W.W.II. Some parts of the roundels are printed separately to allow perfect color registration. Applications are as follows:

- A: Fuselage Type C1 - 36" (Apply **Blue/White/Yellow** part, then the **Red** dot. Allow plenty of drying time between layers.)
- B: Lower wing Type C - 32"
- D: Spitfire upper wing Type B
- E: Hurricane upper wing Type B
- F: Spitfire upper wing Type C -50"
- G: Typhoon/Tempest upper wing Type C1-54
- H: Typhoon/Tempest upper wing Type B-50"
- I: Typhoon/Tempest upper wing Type C-50"

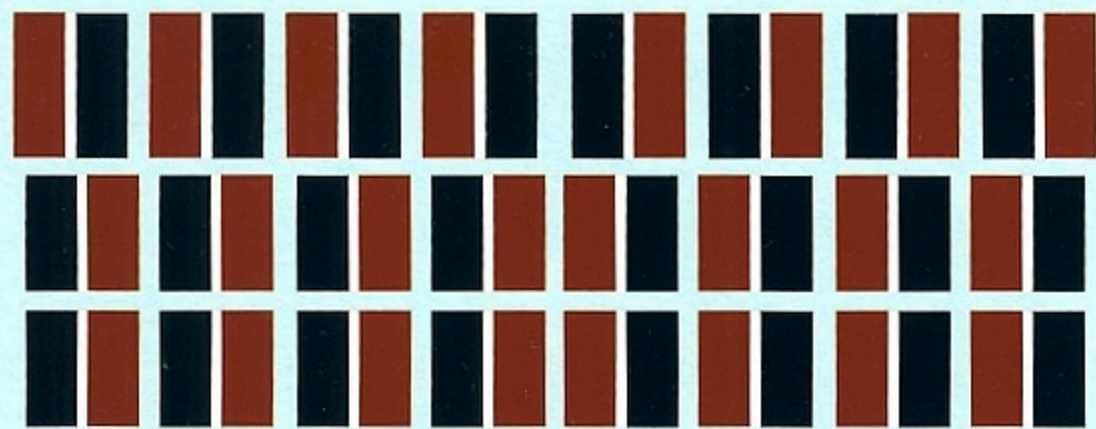

Apply **Blue/White** part, allow drying time. Apply **Red** dot.

Fin flashes are provided in the standard 24" x 24" size as well as the taller style seen on some late war aircraft.

Also provided is a complete set of command pennants (12" lengths).

Happy Modelling!!
