Very special thanks to:
 Carl Richards
 SSgt Mitch "Spankie" Olivo

 Great pics Carl!!

The men and women of the 149th Fighter Wing are proud to have been on the leading edge of the Air National Guard conversion to the F-16 "Fighting Falcon," and conversion to the newer "C/D model" which occurred in 1996. Operating the world's leading swing-role fighter, manufactured in Texas, gives the slogan "Built in Texas, flown by Texans" a special meaning. The 182nd Fighter Squadron "Lonestar Gunfighters" and the F-16--a bold combination of experience, professionalism and capability.

Twobobs' goal is to provide you with the most thoroughly researched decals that money can buy. We go beyond using traditional reference resources and many times speak with the actual aircrews and maintainers of our subject matter. Being modelers ourselves, we understand that there is no substitute for this painstaking research and we are proud to offer, what we feel, are the best decals on the market. If you have any subject matter that you feel should be the next Twobobs creation, let us know. We'll be happy to listen to any and all customer input.
