**SuperScale Decal No. 48-385**  
**Iraqi Air Force**  
**MIG-21, MIG-23, MI-24 Hind D, Mirage F1**

Paired with Mirage F1s, Fishbeds scored many kills against Iranian F-14s and F-4s.

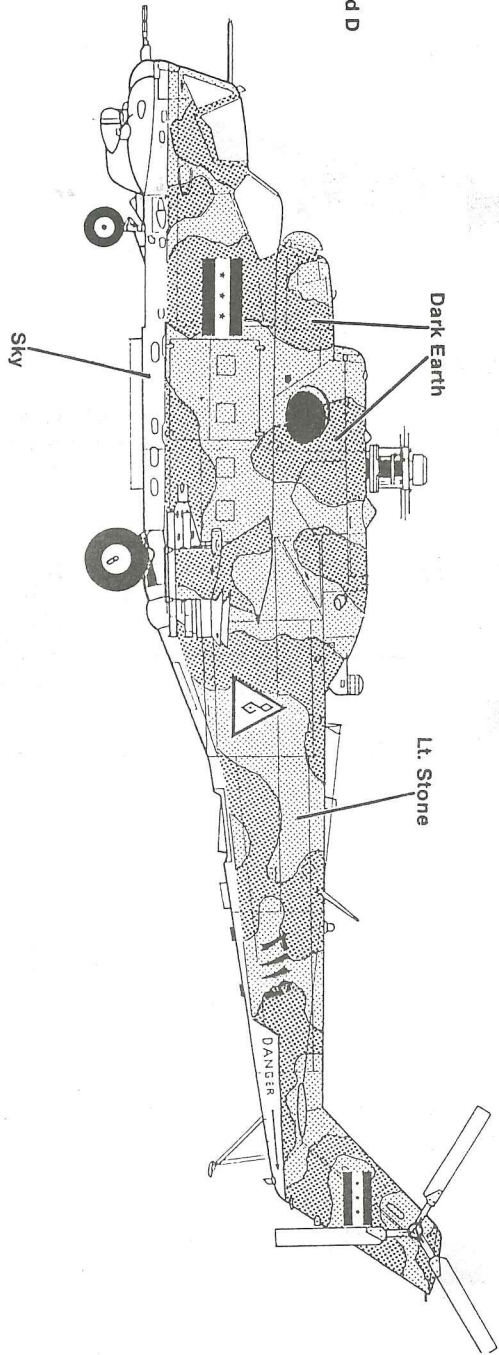

Use Iranian kill marks and mission markings as you wish with consideration to the aircraft type

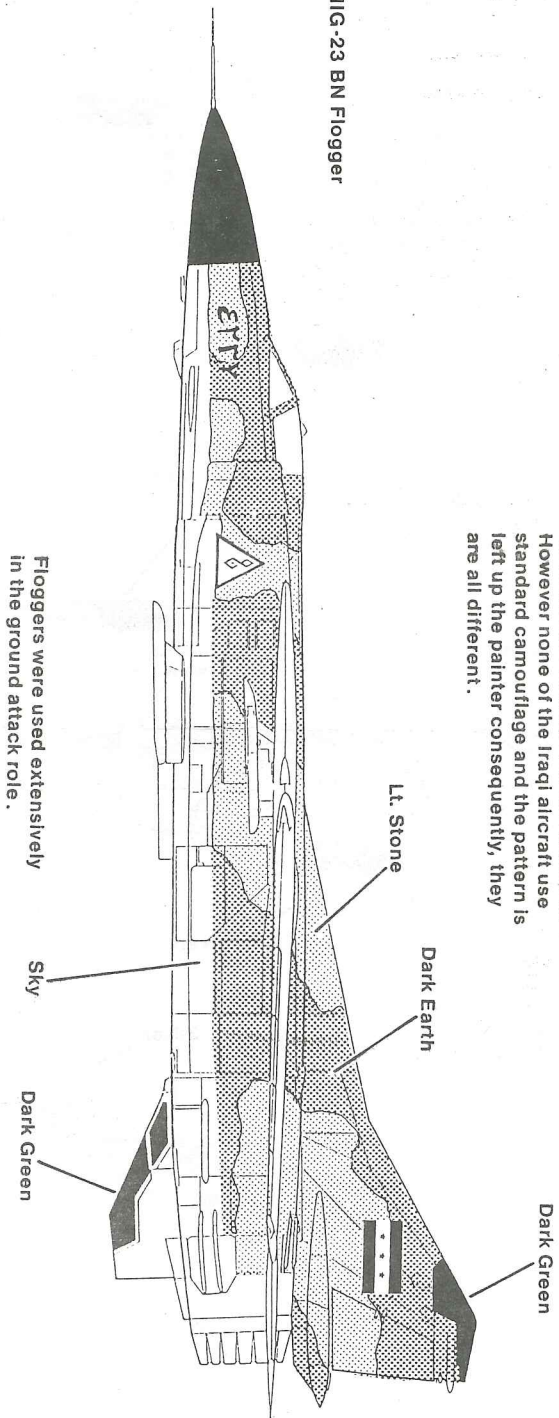

Variation in both color and pattern is common

MI-24 Hind D

Due to the lack of photos coming out of Iraq, complete four view camouflage drawings are not available. However none of the Iraqi aircraft use standard camouflage and the pattern is left up the painter consequently, they are all different.

MIG-23 BN Flogger

Floggers were used extensively in the ground attack role.
