B-29A Serial Number 44-61751 "OUR GAL", 19th Bomb Group, 28th Bomb Squadron, Kadena AB, Okinawa, August 1950. Finish was overall natural metal with Black de-icer boots. The aircraft was trimmed in dark Green in the same locations as the aircraft above. A large gloss Black stripe was carried on the fin and rudder. The propellers were Black with Yellow tips. The pin-up girl was originally painted nude, but later had a Red & White bikini added. Decals are provided to allow for either option, as both would be correct (see samples on right).

The propellers were Black with Yellow tips.

NOTE: By mistake we have 2 decals #21's on the sheet. One of them is "The United States Air Force" name on the fuselage. The other is the "Indian head" to be applied to the right side of the vertical fin. Sorry for the inconvenience.

Dark Green wing tips

Some of these A/C may have been painted Black underneath at some time during its wartime career. The pictures we have reflect a N.M.F.
