**Note:**

The data stencils for all these aircraft do not always appear noticeable or reference. AMD has decided to provide you with a full set for one A/C. Should you want to stencil them all, please use decals from the kit being used.

**AIRCIS**  
 Aires offers super-detailing accessories for this and many other subjects in their range. Check our website at [www.Aeromaster.com](http://www.Aeromaster.com) for this and many other wonderful products: Available To You Now!

The fiberglass nose antenna fairing was usually painted Black or occasionally left unpainted. We therefore advise you to check your references regarding the colour.

**Tail fin tips**

The tail fin tips were usually painted Gray but on some Sabres they were various shades of Gray fiberglass. Again we advise you to check your references regarding the colour. However, these A/C were as illustrated here:
