Microscale Decals F-4 Phantoms

*National Insignia Supplied on AC48-0022 & AC72-0022

F-4J

F-4B

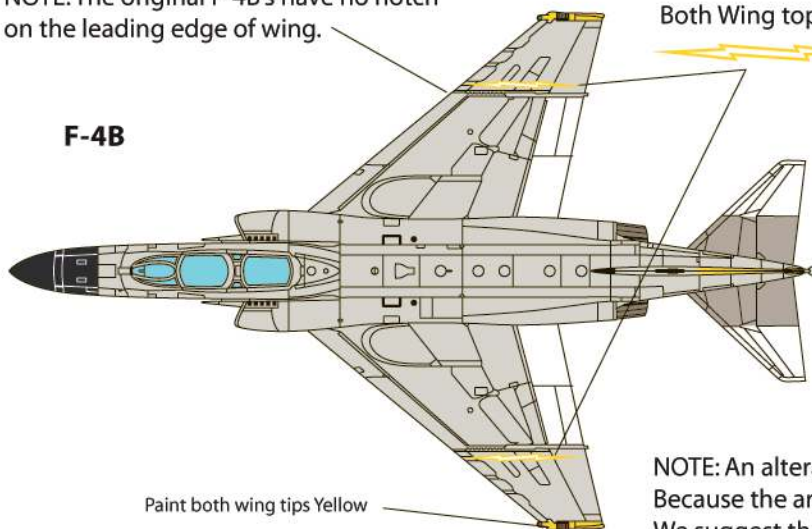

NOTE: The original F-4B's have no notch on the leading edge of wing.

Both Wing tops

F-4B

Paint both wing tips Yellow

NOTE: An alteration must be made in the wing of the F-4B's. Because the area which has to be adjusted is to thin on the Monogram kit. We suggest that you use the Fujimi F-4 wing. The adjustment necessary is to remove the bump off the top of the wing where the wheels are housed
