Lead Sleds! Part II

Suggested Kit: Monogram F-105D/G/F Thunderchief.

Lead Sleds! Part II

F-105D (Thunderstick II) Thunderchief 60-0471 of 457th TFS/301st TFW, circa 1970's, flown by Colonel Roger Scheer.

Standard US SEA camouflage scheme of Dark Green FS34079, Medium Green FS34102, Tan FS30219 over Gray FS36622 undersides. Note Black fin tip. To build this aircraft use the Monogram/Revell F-105D kit, the airwaves J-Stick II resin spine and follow modifications outlined in to make an F-105D Mod 1 & Mod 2.

F-105D Thunderchief 59-1743, 'Hanoi Express' of 149th TFS Virginia ANG, circa 1970's.

Standard US SEA camouflage scheme of Dark Green FS34079, Medium Green FS34102, Tan FS30219 over Gray FS36622 undersides. To build this aircraft use the Monogram/Revell F-105D kit and follow modifications outlined in F-105D-F-105F (Late Aircraft) Mod 1 & Mod 2.

F-105F Thunderchief 63-8317 'Half Fast' of 13th TFS/388th TFW, Korat RTAB, 1967.

Standard US SEA camouflage scheme of Dark Green FS34079, Medium Green FS34102, Tan FS30219 over Gray FS36622 undersides. Note the Gray fin tip. To build this aircraft use the Monogram/Revell F-105F/G kit, follow Mod 2 but do not use kit ECM pods (parts 40 & 67).

F-105G (Early) Thunderchief 63-8320 of 561st TFS/388th TFW, Thailand, 1973.

Standard US SEA camouflage scheme of Dark Green FS34079, Medium Green FS34102, Tan FS30219 over Gray FS36622 undersides. Note the Gray fin tip. To build this aircraft use the Monogram/Revell F-105F/G kit, use kit ECM fuselage pods (parts 40 & 67).
