

SuperScale Decal No. 48-697

F-16C Falcons

302 FS/ 944FW AFRC and 149 FS/ 192 FW

AF244
86244

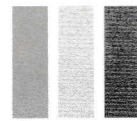

NOTE:
Use darker insignia for underside.

Both aircraft use standard paint scheme except where noted

The radome coating is not paint and colors can vary widely according to when and where they are applied. They are also react to weather conditions differently than paint which can cause them to change over varying periods of time. Factory standard colors seem to apply only when the aircraft is new.
