Note:
Sky Lancers graphics
painted over stencils.

The 1956 Sky Lancers sadly did not perform
for the public due to the 4 ship formation
crashing during practice.

Optional white decals
provide for modellers
wishing to paint the
red areas of the scheme.

Most kits have a raised
area around the vent.
Canadian Sabres' vent
is flush with the fuselage.

Paint Finish:
Fresh paint has gloss finish,
gradually dulls to matt.
Gloss, satin and matt
is therefore acceptable
for a final finish.

Painting matches:
