# WESTLAND LYSANDER

Designed by W.E.W. Petter in 1935 as an Army Co-operation Machine, the aircraft had a remarkable performance and was able to operate fully loaded from an area the size of a football field, and also fly as slowly as 55 m.p.h. (88 km/h). Lysanders served in Burma, the Western Desert, Europe etc., and were in France in September 1939. They were also used for air/sea rescue duties, and later for flying agents into occupied Europe. The Mk. II Machine as depicted was powered by the Bristol PERSEUS sleeve valve engine and other marks were fitted with the Mercury engine.

Span: 50' 0" (15.24 m). Length: 30' 6" (9.29 m).  
Engine: PERSEUS.  
Max. speed: 230 m.p.h. (370 km/h).  
Armament: 2 machine guns in wheel spats  
1 machine gun in rear cockpit.

"MATCHBOX" IS THE REG'D TRADE MARK (MARCA REGISTRADA) OF LESNEY PRODUCTS & CO. LTD. LONDON, ENGLAND.

### Paint Plans:

"MATCHBOX" Kits are quality engineered in two colours so that no painting is necessary to obtain a really finished model. However should you wish to paint your model, two paint plans are available.

**Mini-Paint Plan** (on bottom box ends):

Since "MATCHBOX" Kits are moulded in two colours an impressive result can be obtained by painting only certain parts of the Kit. Just paint the parts shown in the Mini-Paint Plan.

**Full Colour Paint Plan** (on bottom of box):

Follow this plan for a completely authentic colour detail model.

The paint plans and decals included with all "MATCHBOX" Kits give a choice of two squadrons or liveries.

**USE ONLY PROPRIETARY BRANDS OF MODEL PAINT.**

### Planches a colorier:

Les kits "MATCHBOX" sont présentés en plastique moulé en deux couleurs de sorte que pour obtenir un modèle tout à fait fini aucun coloriage n'est nécessaire. Toutefois, si on désire colorier le kit, deux planches à colorier sont disponibles.

**La miniplanche à colorier:** (sur les bords du fond de la boîte): Etant donné que les kits "MATCHBOX" sont moulés en deux couleurs, un résultat remarquable peut être obtenu en coloriant seulement certaines parties du kit, comme il est indiqué sur la miniplanche.

**Planche à colorier complète** (sur le fond de la boîte):

Suivre les indications détaillées de cette planche pour obtenir un modèle en couleurs tout à fait exact.

Les planches à colorier et les décalcomanies fournies avec tous les kits "MATCHBOX" permettent de choisir entre deux escadrons ou emblèmes.

**UTILISER UNIQUEMENT DES PEINTURES MELANGÉES SPECIALEMENT POUR MODELES EN PLASTIQUE.**

### Farbpläne

Die "MATCHBOX"-Modellsätze sind in zwei Farben technisch einwandfrei hergestellt, so daß kein Anstrich für ein Modell mit ausgezeichneter Oberflächenausführung erforderlich ist. Falls Sie jedoch Ihr Modell anstreichen wollen, so sind zwei Farbpläne erhältlich.

**Mini-Farbplan** (an den Enden der Schachteln):

Da die "MATCHBOX"-Modellsätze in zwei Farben geformt werden, kann ein ausgezeichnetes Resultat durch Anstreichen von gewissen Teilen des Modellsatzes erzielt werden. Streichen Sie nur die im Mini-Farbplan angegebenen Teile an.

**Vollständiger Farbplan** (auf der Unterseite der Kästen):

Folgen Sie diesem Plan, um ein in allen Farbeinheiten authentisches Modell anzufertigen. Die allen "MATCHBOX"-Modellsätzen beiliegenden Farbpläne und Abziehbilder gestatten eine Auswahl von zwei Staffelabzeichen oder Signets.

**NUR MARKENANSTRICHMITTEL FÜR MODELLE VERWENDEN.**

### Schemi di colorazione:

I kit "MATCHBOX" sono superbamente realizzati in due colori, perciò non occorre dipingerli per ottenere un modello finito. Tuttavia, se desiderate dipingere il vostro modello, ci sono due schemi di colorazione.

**Schema di colorazione "Mini"** (sulle estremità della scatola senza coperchio):

Dato che i kit "MATCHBOX" sono realizzati in due colori, si può ottenere un effetto stupendo con la colorazione di solo alcuni pezzi. Dipingere solamente i pezzi indicati nello schema di colorazione "Mini".

**Schema di colorazione generale:** (sul fondo della scatola).

Seguire questo schema per ottenere una versione colorata assolutamente autentica.

Gli schemi di colorazione e le decalcomanie contenute in tutti i kit "MATCHBOX" permettono la scelta di due squadriglie o emblemi.

**ADOPERARE SOLTANTO VERNICI DI MARCA PER MODELLI.**

### Planes de Pintura:

Los equipos "MATCHBOX" son de concepción técnica de calidad en dos colores de modo que no se necesita pintura para lograr un modelo realmente acabado. No obstante si desea pintar su modelo, puede disponer de dos planes de pintura.

**Plan de Pintura Mínima** (en los extremos de la caja):

Puesto que los Equipos "MATCHBOX" están moldeados en dos colores, puede obtenerse un resultado impresionante pintando solamente ciertas partes del equipo. Pinte tan solo las partes indicadas en el Plan de Pintura Mínima.

**Plan de Pintura a Todo Color:** (en el fondo de la caja)

Siga este plan para un modelo con detalle de colores completamente auténtico. Los planes de pintura y calcomanías incluidos en todos los equipos "MATCHBOX" permiten elegir entre dos escuadrillas o emblemas.

**USE SOLAMENTE MARCAS DE PATENTE DE PINTURA PARA MODELOS.**
