AIRCRAFT 1 • EA-6B BuNo. 163527 of VAQ-135 'Black Ravens', USS Carl Vinson. Standard FS 35237/36320/36375 Tactical Paint Scheme. Operation Desert Fox, fall 1998. Sorry, but crew names are unknown. Fake names are supplied. These names belong to Raven 501.

AIRCRAFT 2 • EA-6B BuNo. 161115 of VAQ-1 'Rooks'. Standard FS 35237/36320/36375 Tactical Paint Scheme. Deployed on USS George Washington during WESTPAC deployment, summer 1988. Right side names are bogus.

AIRCRAFT 3 • EA-6B BuNo. 158816 of VAQ-135 'Black Ravens', USS Carl Vinson. Standard FS 35237/36320/36375 Tactical Paint Scheme. This is the CAG flagship of Carrier Airwing Eleven in November 2000. It is a different A/C than subject 1. Notice the subtle differences in tail markings, actually the only difference.

Wing walks only on A/C 2. A-6 shown, but applies the same for the Prowler.
